Trešnjevka, near Ericsson

Beautiful, comfortable, four-room apartment, surface area 95.54 m2, on the top floor of a building that was built in 2005. The building has an elevator.

The excellently used space consists of a living room that is integrated with the dining room and kitchen, three bedrooms, bathroom, guest toilet, dressing room, large terrace of 70m2. A garage in the basement is also rented with the apartment. The apartment is nearing the end of the renovation, now the final touches are coming. The apartment is partially furnished. The beauty of the apartment is that it is bathed in light. The building is neat and well maintained.

The location is great because of the proximity to the infrastructure important for everyday life and the proximity to the bus station and access
